In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The Groups lack the same or corresponding special technical features. Specifically, Group I has a claimed special technical feature of using a specific cooling range whereas Group II has a claimed special technical feature of using a leak preventing device as part of a water bath/tank.
